

Attention Residents!

Public Availability Session Scheduled for the Former Chlor-Alkali Facility Site in Berlin, New Hampshire

The New Hampshire Department of Environmental Services, Environmental Health Program (EHP) is holding a Public Availability Session concerning the Former Chlor-Alkali Site located on Fraser NH LLC property in Berlin, NH. All interested residents are encouraged to attend.

- | | |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Who: | Community Residents who live, work, and/or recreate near the Former Chlor-Alkali Site. |
| What: | EHP staff members will be available to meet individually with community residents to listen and document their individual health concerns related to the Site. |
| Where: | The session will take place at the City Hall Auditorium in Berlin, NH. |
| When: | Tuesday, May, 30 from 6 p.m. until 8 p.m. |
| Why: | Identifying community member's health concerns is a crucial phase in the development of EHP's forthcoming Public Health Assessment for the Site. |

Community members not able to attend and/or seeking additional information should contact:
